FOR IMMEDIATE RELEASE

Sovereign Pipe Technologies Welcomes Senator Lankford During Industrial Park Visit

Shawnee, OK - Sovereign Pipe Technologies, a leading high-density polyethylene pipe manufacturer in Shawnee, was honored to provide a facility tour to Senator James Lankford as a part of his visit to Citizen Potawatomi Nation's Iron Horse Industrial Park, which focused on trade and infrastructure.

Senator Lankford's visit to Iron Horse Industrial Park was marked by a sense of collaboration and a shared vision for economic development within the community. His firsthand observations of the operations at Sovereign Pipe Technologies provided insight into the innovative growth initiatives championed by the Citizen Potawatomi Nation.

Notably, Senator Lankford's visit to Iron Horse Industrial Park was not his first interaction with Sovereign Pipe Technologies. He had attended the groundbreaking ceremony for Sovereign Pipe Technologies in 2019, underlining his ongoing support for infrastructure in his home state of Oklahoma and the nation.

"We were truly honored to host Senator Lankford at our facility," said CEO and Director Ronnie Wear. "This visit allowed us to showcase our state-of-the-art technology and production capabilities, as well as to engage in conversations about opportunities that will benefit our community."

With their extensive 50 years of experience within the HDPE arena of executive leadership, the experts behind Sovereign Pipe Technologies have propelled the company to its position as a leading manufacturer of high-density polyethylene pipe. They offer a wide range of HDPE pipe, from ¾" to 48" diameters, to cater to various project requirements. The company's product line includes energy services line pipe, water pipe, and sewer pipe.

Sovereign Pipe Technologies is committed to offering environmentally friendly HDPE pipe that can withstand various pressures, temperatures, and harsh environments above and below ground. They are leak-free, durable, low-maintenance, and manufactured to be reliable for many years to come, ensuring a long-lasting investment for their customers.
